

VL53L0X Defines

Defines the current
status of the device

```
graph LR; A[Defines the current status of the device] --> B[VL53L0X Defines]
```

The diagram consists of two rectangular boxes. The box on the left is white with a black border and contains the text 'VL53L0X Defines'. The box on the right is light gray with a black border and contains the text 'Defines the current status of the device'. A black arrow points from the right side of the gray box to the left side of the white box, indicating a relationship or flow from the status definition to the VL53L0X defines.
